

DTAS Annual Conference 2024

Sponsors and Supporters

The DTAS Annual Conference could not go ahead without the support of our fantastic sponsors and supporters.

We are grateful to them for ensuring that Development Trusts across Scotland get access to the brilliant range of peer learning, events, resources and support that is available at the DTAS Annual Conference.

Acorns To Trees

Acorns to Trees is a privately funded Scottish Charity with two main aims. Firstly, to support the ongoing growth and development of Community Enterprise in Scotland through targeted financial investment, and secondly, to promote and support a more inclusive society in Scotland, where adults with learning disabilities enjoy a more meaningful sense of purpose and belonging. In pursuing these objectives, Acorns2Trees works closely with a small number of key strategic partners, one of which is DTA Scotland. For further information see www.acorns2trees.com

Historic Environment Scotland (HES)

Historic Environment Scotland is the lead public body established to investigate, care for and promote Scotland's historic environment. We know that heritage matters to people and the communities they live in. Many of DTAS members own or manage a historic building, provide opportunities to learn and engage with their local heritage or support the protection or conservation of the heritage assets in their places. Heritage may play a key part in attracting visitors to your communities, generating income, providing volunteering opportunities or helping residents wellbeing. Historic Environment Scotland can provide you with advice and support as well as funding opportunities and guidance to help you care for your historic environment.

The National Lottery Community Fund

The National Lottery Community fund supports activities that create resilient communities so that they are more inclusive, environmentally sustainable and connected.

From now until 2030 we will support communities to:

- come together
- be environmentally sustainable
- help children and young people thrive
- enable people to live healthier lives

Alongside distributing National Lottery funding to improve lives and help tackle the issues at the heart of local communities, we also deliver the Scottish Land Fund in partnership with Highlands and Islands Enterprise on behalf of the Scottish Government.
