

# Kyle and Lochalsh Community Trust

Kyle and Lochalsh, Highlands

## About the Trust:

Aim to integrate climate action and sustainability into the regeneration of their community, identified as one of the most economically fragile in the Highlands

## Priorities:

**Sustainable Transport**  
**Local Food Systems**  
**Access to Land**

## Challenges Faced:

Long-term and continued funding to support the variety of services delivered  
Legal barriers to reducing food waste due to stricter supermarket regulations

Re-use Hub

## Some Projects

- **Community growing:** online resource library
- **Sustainable Transport:** electric community transport, electric vehicle charging station
- **Re-use hub:** second hand shop, and community fridge
- **Outdoors Education:** The Plock Community Parkland, community garden supplying the community fridge, forest school, planned 'college of the environment', guided walks
